

Easter Special: Introvert Ivar in his Bunny Sweater

As we know, Ivar is the epitome of correctness and loves his job as a chartered accountant. Most people actually think he is a bit boring.

But inside, Ivar is having a crazy shindig with disco-lights and crazy dancing: And for Easter he's put on his very special Bunny Sweater (wearing it around the house only, but still). It's a bit faded after all these years, but he still enjoys waving its little Bunny tail about during his own private springtime party.

Easter Special: Introvert Ivar in his Bunny Sweater

Som vi vet är Ivar sinnebilderna av korrekthet och älskar sitt jobb som revisor. De flesta tycker nog att han är lite tråkig.

Men inuti har Ivar tänt alla discoljus och håller på med galet dansande. Och till påsk tar han på sig sin alldeles speciella kanintröja (bara hemma, förstås, men ändå). Den är lite urblekt efter alla år, men han älskar fortfarande att vifta med den lilla kaninsvansen under sin egen privata vårfest.
